FEW STUDENTS COME TO COLUMBIA TODAY

Van Guard of M. U. Men Go To Y. M. C. A. To Obtain Employment.

STEPHENS NOW OPEN College Girls Entertained Last Night—Christian Opens Tomorrow.

Not a great number of students arrived in Columbia today. About 100 Christian College students arrived yesterday afternoon and last night, and there will be a special car tonight from Kansas City.

Stephens College opened this morning with 160 students, and a few more are expected. This is the largest enrollment in the history of the college, and many applications were turned down because of lack of dormitory space. The new students were entertained last night with an automobile ride over the city and adjoining country. The local alumni furnished the cars.

Christian College will open tomorrow, and the opening convocation will be held at 8 o'clock Friday night in the college auditorium. Dr. H. J. Coursault of the University School of Education will make the address. A short musical program will be given by Director Isaac Norris and Miss Marcia von Wilhelmj-Bailey of the piano department, assisted by Miss Mabelle Tennant of the voice department, and Miss Dorothy Bartholf of the violin department.

Christian College will also have the largest attendance in the history of the school. Students have applied for entrance, and the dormitories will be filled to capacity.

The rush of University students will begin Sunday and continue until Thursday. After Thursday the railroads may rest—for there is a penalty of \$5 for late registration.

New students in the University are visiting the Y. M. C. A. in large numbers to enter applications for work so that they may earn their way through school. Over two hundred new men have already applied for work.

Investigation in previous years has shown that about 50 per cent of the students who apply at the Y. M. C. A. for employment do not really need the assistance. This is not true so far this year. Up to the present time F. S. Voss, who has charge of the employment bureau, has had personal conferences with 115 new students seeking work and from this number only three can get along without outside assistance.

Last week a man from the Y. M. C. A. was sent to make a canvass of the business houses to find out the number of firms that would agree to make room for student labor during the coming year. His report was that every business house visited, with the exception of two, agreed to employ needy students. In previous years it has been found that 80 per cent of the business houses here have given work to students. This year four new business houses that had not employed such labor before, pledged themselves to give employment.

"The residences are responding well, so far as odd jobs around the house are concerned," said Mr. Voss. "I am trying, however, to get the home owners to give permanent work so that many of the men can have a way to make their room and board throughout the year."

J. S. Moore, secretary of the Y. M. C. A., has started a series of conferences each morning with the applicants for jobs. The meetings are held from 11:30 to 12 in some room in the Y. M. C. A. building. The purpose of the meetings is to give the new men an insight into the labor conditions here, what they must do in order to get work and their obligation to those for whom the work is done. These conferences are to be made permanent throughout the school year.

Open House is being held at the Y. M. C. A. building every night for the new men. These meetings were started last Saturday night and they will last the rest of this week. Each night some member of the University faculty or some of the townspeople will be asked to come to the meeting and address the newcomers. The students are being taught such songs as "Hang That Jayhawk on a Sour Apple Tree," "Old Missouri," "Neath the Hills of Old Missouri," and two or three of the Varsity yells.

House and Lot Sells For \$600. A house and lot in Garth's addition, belonging to R. R. Roberts, was sold to Peter Morris for \$600 at the courthouse this afternoon. The property was offered for sale by the trustee, W. T. Johnson, to satisfy a note.

C. C. CONVOCATION TOMORROW Dr. H. J. Coursault Will Make Address at Opening Session.

Christian College will have an opening convocation tomorrow evening at 8 o'clock in the college auditorium. Dr. H. J. Coursault of the University School of Education will make the address. Dr. Coursault has just returned from a year's leave of absence spent at Cornell University.

A short musical program will be given by Director Isaac Edward Norris and Miss Marcia von Wilhelmj-Bailey of the piano department, Miss Mabelle Tennant of the voice department and Miss Dorothy Bartholf of the violin department.

Prof. Childers to Higginsville. L. F. Childers, extension associate professor of agronomy in the College of Agriculture, left last night for Higginsville, where a big agricultural round-up is being held. He will spend today and tomorrow at the round-up, lecturing and giving demonstrations to the farmers. Professor Childers will talk at a farmers' club at Tiffany Springs Saturday.

John C. Staple Here. John C. Staple, editor of the Rock Port, Mo., Mail, who was graduated from the School of Journalism of the University in 1915, was in Columbia a few hours this morning. He accompanied his sister, Freda, who will enter the University.

TOO LATE TO CLASSIFY

Two rooms upstairs furnished for bed rooms and two rooms downstairs furnished for light housekeeping. Will rent all together or separate. Mrs. J. W. Meridith, 401 St. Joseph street. M-16.

Will Attend Fox Hunter's Meeting. Samist Jordan, institute lecturer for the State Board of Agriculture, went to Excelsior Springs Tuesday to attend the annual meeting of the Missouri Valley Fox Hunters' Association. Mr. Jordan spoke on "Town and Country," at a meeting of the Richmond, Mo., commercial club yesterday. Today he will speak at a farmers' picnic near Higginsville.

Again Virginia Grill Is Open. The Virginia Grill re-opened yesterday under the management of Jimmie Moscow and his cousins, George Crist and James Joseph. According to George Crist, the patronage yesterday assured the management that there was no fear of a failure. Ziegler's orchestra will furnish music every night. The place will be open from 6 a. m. to 12 p. m. every day.

We're Mens' Shoe Specialists

Editorial

Aside from staples, all our goods are bought in New York—the country's merchandise center. Our buyers spend the months of February and August in that city arranging for our stocks.

We deal directly with the manufacturers, saving jobbers' profit which we in turn save to you.

The manufacturers know us and know that they can keep our trade only by square dealings. We get the best terms from them.

The superiority of our buying organization is well reflected in the superiority of our store.

A Spread of Finest Table Linens

We were fortunate to secure these table cloths, napkins, etc., before prices reached their present high level, as this makes it possible to offer them at savings that cannot be duplicated elsewhere. The linens offered are of the finest quality.

Smart Superior Styles

SUITS are so effective and so exquisite in detail and material that you will find them more wonderful than you expected, in fact priced so low that it would be foolish to put off the purchase another day.

COATS are belted, semi-fitted and flare. SKIRTS are medium to flare. Many of the collars are convertible and can be worn either high or low. Every desirable material—All the new shades. Priced \$15 to \$60

COATS—Women who are really discriminating will keenly appreciate our showing of coats. Belted and flare models are equally popular. Fur trimming is much used. Prices \$8.50 to \$85.00.

FOR YOUR APPROVAL we also have a pleasing showing of handsome Fall Waists and Dresses. We can please you and appreciate showing you.

MILLINERY—The constant demand for something new is fulfilled in a hundred styles at prices that will more than please you.
